# DELUXE ESTATES SERIES

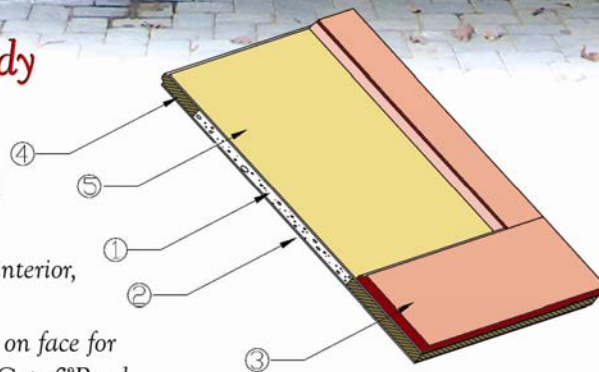

## CARRIAGE HOUSE DOORS

"THE ORIGINAL SINCE 1924"

Since 1924 the Fimbel family has been manufacturing custom wood doors. Eighty years experience and modern technology have allowed us to proudly offer the Deluxe Estates Series of Carriage House Doors. The Deluxe Estates Series is an affordable upgrade to our American Estates Series, available in paint or stain grades. Choose a standard design below, or tell us about that look you've been dreaming of. We will be happy to oblige!

### ...ENCHANTING

The Deluxe Estates Series is an insulated 1 3/4" thick door. Paint grade models are constructed of tempered hardboard cores with Dur-A-Tek (TM) Hardwood Composite overlays. Glass options are available with grilles or Tru-Divided lites. Stain grade models have clear Meranti-Mahogany cores with solid Meranti-Mahogany overlays. Stain grade models are available with Tru-Divided lites only. All overlays for the Deluxe Estates Series have a stylish cope & bead finished edge.

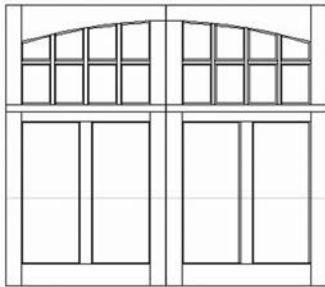

### ...CLASSIC

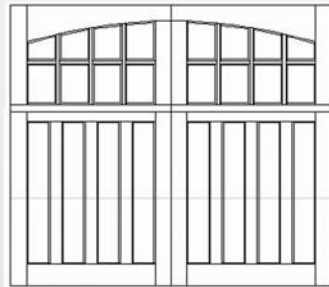

Deluxe Estates Series Doors are available in 8',9',10' and 16' wide by 6'6", 7'0" 7'6" and 8'0" high in the designs shown below. These standard designs and sizes offer quicker delivery at a reduced cost to you. Of course, should the need arise, Deluxe Estates Series Doors are also available in custom designs and sizes. Please consult the Factory for additional information.
